

At 3H trucking, Inc. we have variety of trucks that can be utilized to haul different kinds of materials. We have high side end dump trucks to haul scrap, metal, tree chip and demolition materials. We also have an end dump to haul dirt, sand dirt, and gravel. In addition, we have a belly dump used for grinding, paving, and to haul sand and gravel. Our supers are available for all kind of construction needs. We have over 20 years of experience in trucking. No job is too big or too small.
